PROFILE

Dedicated and self-taught full-stack developer with a passion for programming and web development. Possessing strong creative and analytical skills, I prioritize writing readable and maintainable code. A team player with an eye for detail.

PROJECTS

Cartzilla

Developed a feature-rich e-commerce store specializing in dress apparel.

- Implemented comprehensive e-commerce functionalities, including product listing, shopping cart, and order management system.
- Developed the application using Node.js, Express.js, and MongoDB. Implemented essential features such as CRUD operations, data filtering, and aggregations with MongoDB. Integrated PayPal as the payment gateway to enable seamless and secure transactions. Showcased expertise in cloud computing and load balancing by deploying the application on AWS and utilizing NGINX as a proxy server.

User-Management

- Implemented a user management application using React.js where the admin has the ability to perform basic CRUD (Create, Read, Update, Delete) operations on the user side.
- Technologies used :-Node.js, Express.js, MongoDB, Bootstrap, Redux, React.js, MUI, JWT.
- Integrated Redux for efficient state management.

EXPERIENCE

Internship Trainee

10/2022 - Present

Brototype

Bangalore

Self-learning platform with project assignments and reviews by industry experts.

During my 7-month internship as a prototype, I extensively explored and gained practical experience in a diverse range of essential web development technologies.

- Front-end:** React, Redux, HTML, CSS, JavaScript, Bootstrap, Material UI
- Back-end:** Node.js, Express.js, MongoDB, Mongoose, Firebase, AWS
- Tools:** Git, npm, Visual Studio Code, Postman, EC2 instance

EDUCATION

- Bachelor of Technology in ECE.
College of Engineering Munnar, CUSAT University.

- Higher Secondary School
Govt. Ganapath Vocational Higher Secondary School.

DECLARATION

I hereby declare that the information furnished above is true and correct to the best of my knowledge.
